**End:** Tue 10/26/2010 4:00 PM  
**Recurrence:** (none)  
**Meeting Status:** Accepted  
**Importance:** High

#### UPDATE/CONFERENCE CALL INFORMATION:

**Conference Call-in Number - 1-877-336-1274**

**Access Code - 6396217#**

**Security Code - 6217#**

A meeting has been established for October 26<sup>th</sup> from 2:00 – 4:00 at the Tampa Regulatory Office.

The purpose of the meeting is to discuss the City of Port Richey's intention to request a permit modification for the city's current permits to dredge a number of residential canals within city limits. The modification request seeks to greatly reduce natural resource impacts (seagrasses) and subsequently to reduce the mitigation burden on the city. As you may be aware, the current USACE permit does not include channels with seagrass impacts (specifically channel 2, 20, 22, 25, and 29, which the FDEP permit covers).

A teleconference line has been established (see above information).

The Tampa Regulatory Office is located at:  
10117 Princess Palm Avenue, Suite 120  
Tampa, Florida 33610

If you have any questions, please contact me.

Thank you,  
Mindy Hogan  
Biologist, Tampa Regulatory Office
